

2008 AMIA Session Proposal Form

1. Call For Session Proposals

The Conference/Program Committee invites submissions for session proposals for the 2008 AMIA Conference in Savannah, Georgia. We encourage you to participate in the creation of a program that includes a wide variety of topics, cutting-edge discussions of technology, a balance of theory and practice, and invite new ideas and concepts that may stimulate additional interest, involvement and educational benefit. The program should address topics of concern to diverse perspectives and constituencies and to archivists at all levels of experience.

In considering the goals of the session and the program as a whole, the Program Committee and the Peer Review Group may recommend revisions to session proposals as a condition of acceptance.

IMPORTANT NOTE: You must complete each page of the proposal form. Incomplete proposals will not be considered.

THERE IS NO PRINT OPTION for the Proposal Form. You may choose to print the individual pages of your form as you go from your browser print options, but once the form is submitted it will not be possible for you to review or print your Proposal.
